From the VIU Academic Plan:

4. Complete a Strategic and Operational Plan for student services

- Future student services must be scaled and organized to provide optimal support for the scope of student services activity identified in the Academic Plan
- A strategic review of existing services is required, including an assessment of strengths, identification of required future services, best practices, optimal organization and a plan for identified changes, implementation and required resources
- This review should include representation from student service providers, students, faculty and administrative staff

Action: The Office of the Vice-President Academic and Provost should establish a planning committee to complete a Student Services Strategic and Operational Plan by December 2011
